

Executive Summary School Accountability Report Card, 2007-08

North Oakland Community Charter School

Address: 1000 42nd Street
Principal: Carolyn Gramstorff

Phone: 510-655-0540
Grade Span: K-5

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of school accountability. The data presented in this report are reported for the 2007-08 school year, except the School Finances and School Completion data that are reported for the 2006-07 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

The North Oakland Community Charter School (NOCCS) is a public school dedicated to helping children become thoughtful, informed, and inquisitive citizens. NOCCS is a vibrant, diverse learning community driven by respect for each child's unique intelligence and history. The school's dynamic and challenging educational approach deepens the intellectual and social capacities of each child. NOCCS served 1030 students in grades K-6 in multi-age classrooms.

NOCCS culture fosters a community of teachers, students, administrators, and families all working toward the same goal to attain powerful teaching and high achievement in every domain for every student. The cornerstone of our school's educational program is an approach to teaching and learning that emphasizes teaching rigorous and purposeful learning units, assessing their effectiveness and the quality of student work, and revising and improving them. Learning units culminate in projects and performances that take students outside of school to gather information and data, bring the outside world into the classroom, and engage students in real-world investigations. Standards for learning units are reviewed and refined each year. Assessment is woven throughout each learning unit, pushing students to higher levels of performance in pursuit of academic excellence. Our school promotes a strong culture of best effort, high expectations, and high quality work. Community and collaboration is stressed throughout the curriculum.

School Accountability Report Card Reported for School Year 2007-08 *Published During 2008-09*

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2007-08)

This section provides information about the school, its programs and its goals.

The North Oakland Community Charter School is a public school dedicated to helping children become thoughtful, informed, and inquisitive citizens.

NOCCS is a vibrant, diverse learning community driven by respect for each child's unique intelligence and history. The school's dynamic and challenging educational approach deepens the intellectual and social capacities of each child.

The founders of the North Oakland Community Charter School developed the following ten principles that anchor and guide our community's work and provide a vision to which we aspire.

1. Respect for children and their learning

At the heart of our school is a profound appreciation, attentiveness, and respect for children's ideas. Our teachers learn by looking closely at children's understanding, and how their questions and curiosity lead them to explore their world. The insights they garner from these observations inform their practice in a powerful way.

2. High expectations

We believe that attention to children's thinking goes hand in hand with the high expectations and rigorous academic standards we hold for children's work. Sharing, critiquing, and reflecting on student work help our students improve their work and performance. In this way, our school encourages children to reach beyond their limits.

3. A caring community of learners

Our school seeks to be a place where teachers, parents, and children create stable, warm, supportive relationships. We believe that the social climate is as important as the academic subjects taught in our classrooms. It is within the safe harbor of caring, compassionate relationships that children and adults are inspired to produce their best work.

4. Valuing diversity

We are committed to ensuring that the diversity of North Oakland is represented in our school -- its students, faculty, and governance. Our learning community seeks to be a dynamic exchange of the perspectives, talents, and ideas of all its members. Students, parents and faculty are encouraged to draw on, value, and respect the richness of their own and each other's cultures and histories, together with those of other communities.

5. Connections to the world

Our school seeks to bring the world into the classroom and the classroom into the world to create a vital exchange between the two. When children connect what they learn to the world they live in and the problems they face, they come to see their lives in a new way.

6. A commitment to equity

Our school believes that all children can learn at a high level and that any child's intellectual and social growth can be developed through practice and effort. Race, culture, income, and ethnicity will not be predictors of achievement. Instead, our school holds uncompromisingly high standards for all of its students, while providing active and flexible support to ensure their success.

7. Families' contributions

Families are their children's first and most important teachers. They create the bridge between the cultures that children bring from home to the one they create at school. Parents and caregivers understand their children -- their passionate interests, their character, and their learning styles.

8. Respect for teachers and teaching

Our teachers bring a deep understanding of subject matter, children and their learning, and the craft of teaching. We respect their knowledge and support their growth and development as professionals and learners.

9. Creativity

Our school seeks to be a place where learning is graced with the creativity and inventiveness of children. Art in all its forms - painting, dance, music, drama, poetry, and storytelling -- are routes for children to examine, interpret, and render the world. Art is a tool of the imagination. But it is also a vehicle of the intellect that allows children to demonstrate and construct their knowledge across the disciplines.

10. Teaching for understanding

[Opportunities for Parental Involvement \(School Year 2007-08\)](#)

This section provides information about opportunities for parents to become involved with school activities.

Since it's founding, NOCCS has relied upon the continuous, enthusiastic involvement of parents and families. This includes a variety of activities such as volunteering in classrooms, designing gardening curriculum, grant writing, serving on the school board, and conducting outreach throughout Oakland. Every family is encouraged to share their expertise and interests in an array of activities that support teaching, learning, and community building. We ask that each family contribute a minimum of **four** hours of volunteer time per month. During the 2007-2008 school year, NOCCS families exceeded this monthly volunteer goal. Families also have the opportunity to maintain their school involvement by attending weekly All School Meetings and monthly Community Meetings.

[Average Class Size and Class Size Distribution \(Secondary\)](#)

This table displays, by subject area, the average class size and the number of classrooms that fall into each size category (a range of total students per classroom).

III. School Climate

[School Safety Plan \(School Year 2007-08\)](#)

This section provides information about the school's comprehensive safety plan.

All staff, students, and families are familiar with NOCCS Emergency Operations and School Safety Plan. The plan is outlined in the school handbook, posted in the office, and is available in each classroom. Fire and/or earthquake drills are conducted on a monthly basis and emergency kits are collected for each student at the beginning of the year.

[Suspensions and Expulsions](#)

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District

IV. School Facilities

[School Facility Conditions and Planned Improvement \(School Year 2008-09\)](#)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

April 10, 2008, Oakland Fire Department (inspector 2545C) performed an inspection and reported the NOCCS maintained a "reasonable degree of fire safety" in the building.

During the summer of 2007, 17,500 square feet of the building was renovated and newly occupied for the fall of 2008. During the summer, 2008, the final unfinished space (3000 square feet) was remodeled into a multi-purpose room. Bill Bergstrom, City of Oakland Building Inspector, completed the final inspection and issued a Certificate of Occupancy on Aug. 2008.

In the summer of 2008, solar panels were installed on the roof, thus helping to make our school "green".

Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are provided at the school through either categorical funds or other sources.

In addition to the academic program, NOCCS provided qualifying students with speech and language support and occupational therapy offered by the Oakland Unified school District.

Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$39,249

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels.

Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>.

Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

CST Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CAHSEE Web site at <http://cahsee.cde.ca.gov/>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

California Physical Fitness Test Results (School Year 2007-08)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tq/pf/>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	10	8	8

API Changes by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. *Note: "N/A" means that the student group is not numerically significant.*

Group	Actual API Change			Growth API Score
	2005-06	2006-07	2007-08	2008

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

[AYP Overall and by Criteria \(School Year 2007-08\)](#)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

[Federal Intervention Program \(School Year 2008-09\)](#)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

[University of California](#)

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the University of California Web site at <http://www.universityofcalifornia.edu/admissions/general.html>.

[California State University](#)

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web site at <http://www.calstate.edu/admission/>.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data is available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

Completion of High School Graduation Requirements

Students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2007-08 school year in grade 12, as evidenced by that school year's October CBEDS enrollment, this table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CAHSEE Web page at <http://www.cde.ca.gov/ta/tg/hs/>. Note: "N/A" means that the student group is not numerically significant.
